PERSONAL STATEMENT

Hello! My name is Gonzalo Terzano. I am a Semi-Senior Web Developer, with 2-3 years of experience in the area. I have many skills to work as a team member and also individually. I always push myself to the limit in order to achieve excellece in my work.

EXPERIENCE

February 2016 – Present   Globant
Cordoba, Argentina

> **Position:** Web UI Developer

> Working in a busy team sometimes under pressure. Always making projects of eLearning, mostly using AngularJS, but also creating friendly & interactive environments with HTML5 and Phaser (JS Framework).

April 2015 – January 2016   TravelPAQ
San Juan, Argentina

> **Position:** Web UI Developer & Backend Developer

> I worked in a startup focused on improve relationships between tourism companies. This was an exciting experience where I learned a lot of new and different technologies.

April 2010 – January 2016   UNSJ, FCEFyN
San Juan, Argentina

> **Position:** Teaching assistant

> Worked in six different subjects, assisting in practical classes, even giving class in some particular cases.
