ABOUT ME

I'm a 29 years old Sr Frontend Developer from Argentina and currently based in Córdoba. I enjoy working on extensive teams and sharing my knowledge in order to help other people to achieve professional success. I am currently focused on improving my leadership skills and I am also an amateur basketball player.

WORK EXPERIENCE

FEB 2017 - Present
Software Development Engineer
McAfee – Córdoba, Argentina

Brief Description: Fullstack developer responsible for end-to-end app development. Leading three teams of 5-6 people each. Working also on an inner source library reducing considerable work time of multiple projects across the company.

FEB 2016 - JAN 2017
Web UI Developer
Globant – Córdoba, Argentina

Brief Description: Worked on a busy team, sometimes under pressure, making friendly & interactive projects of eLearning on short periods of time.

APR 2015 - JAN 2016
Fullstack Developer
TravelPAQ – San Juan, Argentina

Brief Description: Great startup Company in which I worked on backend and frontend technologies but where I also had to perform deployments and configuration tasks on the servers.

APR 2010 - JAN 2016
Teaching Assistant Professor
National University of San Juan, FCEFyN – San Juan, Argentina

Brief Description: Helped on practical classes and gave classes in some cases. It was the place where I discovered that I like teaching and helping people.
